Good news – they took our most important edits: **Ex. 5 AC/DP**
Ex. 5 AC/DP

I don't understand the edits on page 4 but it's okay.

Thanks so much for all of your work on this. Justin and I have tracked a few changes/edits on top of your redline, and are fine with the changes that we have not modified or edited further. The main substantive disagreement we have is with the two proposed changes on page 4. Let us know if it would be helpful to discuss further—otherwise, we are good with the draft as modified in the attached.

Per my previous email. Reflects staff suggestions on your revisions, for accuracy and clarified rationale.

Happy to discuss, either tonight or tomorrow morning (my work number rings to my cell but you can also call my personal cell Ex. 6 Personal Privacy (PP))

PS OW staff confirmed that record will be complete no earlier than tomorrow at 5 eastern. RA signature should wait for that. Please advise soonest if that's not possible.

Thanks.

Subject: Documents for your email to David re: FR notice

Attached is the (1) Pamo Dam 404(c) suspension FR notice, (2) 2014 letter from AK asking for EPA to toll the 15 day deadline in 231.3(a)(2) (after EPA initiated that process), (3) 2014 letter from PLP agreeing with AK's request. The FR only includes a cite to the PLP letter and not the state letter.
